Courses are delivered by Trainer/Assessors following the award scheme syllabus. Trainer/Assessors must register all courses with the Qualification Management System (QMS), however in some cases may choose not to advertise the course publicly on the system.

Candidates can only book onto a course if the pre-requisites are met.

- Log onto the QMS: <https://britishcaving.azolve.com/>
- Find a course
 - Click on Events & Courses

Book onto a course direct with a Trainer/Assessor

If booking directly with a Trainer/Assessor, or for courses not advertised on the system, candidates will need to provide the following details (in the same format registered with the QMS) to the Trainer/Assessor so that they can add candidates to the course:

- Last Name
- Membership Number (note this starts with ME)
- Date of Birth

In both cases, once booked onto a course the Trainer/Assessor will contact candidates with joining instructions, booking conditions and invoicing details.

Please be aware that Trainer/Assessors may remove candidates from a course if the Trainer/Assessors bookings terms and conditions are not met.

Cave to Mine Training

Training course for Cave Leaders or those trained as Cave Leaders wishing to work towards leading groups within approved Mines.

Pre-requisites

Candidates must have completed their Cave Leader training course and have sufficient mine exploration experience to be comfortable exploring abandoned mines. It is suggested a minimum of 12 mine trips would be appropriate, although those with less than 12 mine exploration trips may attend the training course at the Trainer/Assessors discretion.

Course Overview

This one-day training course can be delivered with up to 6 candidates by one Trainer/Assessor. The course can be delivered in any region; however, candidates may find it beneficial to attend a course in a region they are planning to work. The course would normally involve a combination of surface theory sessions together with at least one underground trip.

The training course will have some elements of personal skill development, however, will primarily focus on leadership skills and techniques appropriate for leading groups within the remit of this award.

The training course will cover the key areas of the assessment syllabus listed below, with a tailored focus on areas candidates typically have difficulty with or identify with the Trainer/Assessor as requiring further input. QMC have prepared some resources that may support a candidate, these are available on the BCA website.

Trainer/Assessors may offer resources and guidance for a candidate to help further their knowledge however candidates are encouraged to familiarize themselves with the syllabus prior to attending a training course so they can identify areas they are unfamiliar with and address these with their trainer.
