How to book onto a course

Register with scheme

All candidates wishing to book onto a training or assessment course must be registered with the LCMLA & CIC award scheme. Candidates need only register once, for which there is a one-off fee for both the Local Cave and Mine Leader Award and Cave Instructor Certificate schemes. To register;

- Click here: <https://britishcaving.justgo.com/> and sign up
- Click on "Membership" and purchase LCMLA/CIC Scheme Membership
- A video which walks candidates through the sign-up process available here: <https://youtu.be/jo9IuUmx5FY>

Register for a course

Courses are delivered by Trainer/Assessors following the award scheme syllabus. Trainer/Assessors must register all courses with the Qualification Management System (QMS), however in some cases may choose not to advertise the course publicly on the system.

Candidates can only book onto a course if the pre-requisites are met.

Book onto a course through the Qualification Management System

- Log onto the QMS: <https://britishcaving.justgo.com/>
- Find a course
 - Click on Events & Courses
 - Select course type then region
 - Select a course
 - Click "Add to cart" (note in most cases candidates are unable to book onto a course if they do not meet the pre-requisites)
 - **Follow the payment method, even though the payment will be zero, and complete the order**

Book onto a course direct with a Trainer/Assessor

If booking directly with a Trainer/Assessor, or for courses not advertised on the system, candidates will need to provide the following details (in the same format registered with the QMS) to the Trainer/Assessor so that they can add candidates to the course:

- First Name
- Last Name
- Membership Number (note this starts with ME)
- Date of Birth

In both cases, once booked onto a course the Trainer/Assessor will contact candidates with joining instructions, booking conditions and invoicing details.

Please be aware that Trainer/Assessors may remove candidates from a course if the Trainer/Assessors bookings terms and conditions are not met.

British Caving Association

Vertical Cave and/or Mine Leader Training

Training course for those wishing to lead groups in vertical terrain within the Caves/Mines listed under their Cave and/or Mine Leader award. The Vertical Leader is limited to simple vertical pitches of no more than 18m in length, including more technical traverses.

Update Cave/Mine Leader via Training

Cave and/or Mine Leaders may update their current qualifications if attending a Vertical Leader Training course provided the appropriate pre-requisites are met and evidenced prior to the course. Candidates who wish to update their award via this route need to complete an [experience summary](#) and submit it to the Trainer/ Assessor delivering the Vertical Leader Training course at least 2 weeks before your course.

Pre-requisites

Candidates must have completed their Cave and/or Mine Leader training course prior to attending this course. A degree of SRT competence is also required. A minimum of 12 vertical trips although at the discretion of the Trainer a candidate can be accepted with less experience.

Course Overview

This largely practical training course would take place over a minimum of 2 days involving both surface and underground sessions. At least 6hrs of the training course should be spent underground. Up to 4 candidates may attend this course with one Trainer/Assessor. The course is recognized nationally, and so can be attended in any region. Candidates are expected to be comfortable exploring vertical caves and mines with some SRT competence, although an element of SRT training will be included in the course.

Training courses will focus on some personal skill development however will primarily focus on the specific skills required by a leader to manage a group in vertical terrain through both abseil and ladder, including an understanding of incident prevention and management.

The training course will cover the key areas of the assessment syllabus listed below, with a tailored focus on areas candidates typically have difficulty with or identify with the Trainer/Assessor as requiring further input. QMC have prepared some resources that may support a candidate, these are available on the BCA website.

Trainer/Assessors may offer resources and guidance for a candidate to help further their knowledge however candidates are encouraged to familiarize themselves with the syllabus prior to attending a training course so they can identify areas they are unfamiliar with and address these with their trainer.

Syllabus

The assessment criteria for the core skills, SRT module and group day is available here, the training course should cover the key areas of the assessment criteria although candidates will be required to further their understanding prior to assessment

Vertical Leader Core Skills Assessment Assessors Checklist

Candidates	<input type="text"/>	ME	<input type="text"/>
Name:		Number:	
Assessment	<input type="text"/>	Assessment	<input type="text"/>
Date:		Venue:	

Vertical equipment	
Leader's personal equipment – suitability / care	
Choice and suitability of equipment for group members' use – harness / cowstails / descender etc	
Knowledge of ppe regulations and equipment standards eg 6 monthly inspections by competent person	
Ropes – types / construction / longevity / usage / storage / care etc	
Karabiner / maillons – types / usage / limitations etc	
Ladders / spreaders / tethers – types / construction / linkage / limitations / coiling / storage etc	
Descenders/ascenders/pulleys/belay devices etc – types/usage / limitations	
Bolt hangers – types / usage / limitations	

Lifelining methods	
Belay methods and devices – use and limitations	
Safety of group members – waiting / to & from pitch head	
Position of Leader	
Safety of group members- waiting /to and from pitch head	
Efficiency/fluidity of lifeline technique	
Double Lifelining	
Communication	

Descent/Ascent	
Group ladder climbing- pros and cons / hazards / style	
Group abseiling – pros and cons / hazards	
Lowering – pros and cons / hazards	
Leader personal safety- ladder/abseil/pull through	

British Caving Association

Knots

Demonstrate working knowledge of an appropriate range of knots including knowledge of suitability / limitations

Rigging

Equipment preparation/packing

Rigger Protection-methods and their advantages/limitations

Natural anchors-suitability and use

Artificial anchors- pre-use checks

Knowledge of Fall Factors

Traverse Lines

Belay systems- construction using rope/slings- alignment and forces-sharing loads

Pitch head- approach/ease of access/position of leader etc

Ladders-use of spreaders etc deployment

Group abseil rope

Lifeline including double lifeline

Emergency Vertical Techniques

Chosen belay method or device- ability to lock off/ability to lower off/ ability to convert to hoist /convert hoist to lower and lower to hoist

Ladder Problems and Solutions

Abseil Problems and Solutions

Lowering Problems and Solutions

Traverse Problems and Solutions

Assistance to Exhausted ladder climber

Hoist of exhausted/injured group member-with/without assistance

Vertical Leader Group Day Assessment Assessors Checklist

Candidates
Name:

ME
Number:

Assessment
Date:

Assessment
Venue:

Suitability of Venue And Trip For Group	
Pre trip checks eg insurance, AALS, aims, medicals, Destination notes	
Weather Conditions / Water Levels / Flood Awareness	
Compliance with Access Procedures	
Surface Navigation / Care of Groups en-route to Venue	
Suitability of Clothing & Personal Vertical Equipment of the Group	

Vertical Aspects	
Appropriateness of technical equipment	
Protection of group on steep ground with and without a rope	
Protection of group at pitch head / foot	
Suitability and effectiveness of technique for descent / ascent	
Own progression	

Leadership Style/Rapport/Sensitivity to Group	
Effectiveness of Party Management / Group Control & Safety	
Education of Conservation / History etc	
Suitability of Group Briefings (Technical, Educational, Information, Hazards)	
Use of Assistant Leader(s) if appropriate	
Appropriate Emergency Kit & Rescue	
Call-Out	
Organization & Running of Day	
Duty of care	

SRT For Leader Assessment Assessors Checklist

Candidates	<input type="text"/>	ME	<input type="text"/>
Name:	<input type="text"/>	Number:	<input type="text"/>
Assessment	<input type="text"/>	Assessment	<input type="text"/>
Date:	<input type="text"/>	Venue:	<input type="text"/>

Due consideration of accident to leader	
Personal SRT equipment – suitability and use	
SRT personal skills – pitch head / descent / ascent / deviations / rebelay etc	
Self-Rescue – improvisation in case of equipment failure or loss etc	
Ropes and Knots for SRT	
Use of Rigging Guides / Topos	
Rigging for SRT – principles / personal safety / traverse lines / pitch head / rebelay / deviations	
Conversion of SRT Rigging for lifeline / group abseil / group lower	
Use and suitability of Personal SRT equipment for lifelining / lowering / rescue	
Consideration and use of Travelling Ladders	

Your next steps

Following the training course candidate’s pathway to assessment may vary depending on their current qualification. Those with a valid Cave and/or Mine Leader Award may present for a Vertical Leader Assessment, followed by a Vertical Group Day Assessment.

Candidates who have only completed their Cave and/or Mine Leader Core Skills Assessment will be required to complete a Vertical Leader Core Skills Assessment, however, may choose to combine their Cave and/or Mine Group Day Assessment with their Vertical Leader Group day assessment. In such cases candidates would be expected to exceed the minimum pre-requisite experience, with combined assessments at the discretion of the Trainer/Assessor.
